To Members of CUCEA & CUCRA:

The By-Laws of both organizations should allow for the Chair of the JBC to be any member, not just limited to the 7 appointed members. When I resigned from the Chair, I suggested that the Chair of one of the organizations take over as Chair of the JBC because of their access to information and constant contact with OP people. Dick Jensen and I (when I was no longer the Chair of CUCRA) lacked that knowledge base and were therefore at a decided disadvantage in that position.

I can certainly understand the hesitancy on the part of the two organizational chairs to take on that responsibility. However, for the good of the order, that would certainly be an advantage. Perhaps the current Chairs don't want to assume that responsibility, but I can envision a time in the future when a Chair might want to do it. The By-Laws should allow for that eventuality!

Adrian Harris

Former Charter Chair of the JBC; Current member of the JBC;
Honorary Member of CUCRA; and Former Chair of CUCRA
